Abstract submission extended to 30 September 2022

The International Scientific Programme Committee invites you to submit an abstract for an oral or poster presentation for the 14th International Congress of Human Genetics.

Topics

1. Mendelian Phenotypes
2. Complex Traits & Polygenic Disorders
3. Evolution & Population Genetics
4. Precision Medicine, Pharmacogenomics & Genetic Therapies
5. Prenatal, Perinatal, Reproductive & Developmental Genetics
6. Molecular Effects of Genetic Variation
7. Epigenetics & Gene Regulation
8. Cancer Genetics

9. Statistical Genetics & Genetic Epidemiology
10. Bioinformatics & Computational Approaches
11. Molecular Phenotyping and Omics Technologies
12. Molecular & Cytogenetic Diagnostics
13. Genetic Counselling, Education and Health Services Research
14. Legal Issues & Ethics in Genetics

Call For Financial Support Applications

Deadline for application: 30 September 2022

The primary goal of the congress financial support is to assist students, early career researchers and newly qualified human genetics professionals from financially challenging environments. A prerequisite is that the applicant must present an accepted poster or oral presentation at the congress. For students, only master's and PhD level students will be supported.

To apply, submit an abstract and complete the financial support application section.
